

LAROZE

TECHNICAL SHEET

- ♥ In 1610, my ancestors the Gurchy family were already winegrowers in Saint-Emilion. In 1882, they founded the family estate of Laroze.
- ♥ Château Laroze is a Saint-Emilion Grand Cru Classé and its 27-hectare (67-acre) vineyard is located at the foot of the hill to the north-west of the medieval village of Saint-Emilion. The vines grow around the Château.
- ♥ We till the soil, cultivate grass between the rows, drain the plots, add organic supplements and prohibit the use of weed-killers, so that the vines' roots find it easier to penetrate the soil made of silica and clay.
- ♥ The quality of this beautiful setting is very favourable for the Cabernet Franc grapes providing us with rich tasty wines that are elegant and more-ish.
